SCIENTIFICALLY GROWN ACCORDING TO THE LAWS OF NATURE

But please remember Mr. Dahlia Fan, that our plants are scientifically grown without excessive heat and from base cuttings only, and grown in special containers, which are equivalent to a five inch flower pot, neither do we buy or sell any plants from the small flower pots in which the roots are sure to become root-bound. All our plants are hardened off in special cold frames for several weeks before shipment is made. Try a few of our plants and you will be a friend of our Nurseries for many years to come.

AMERICA'S GREATEST BALL DAHLIA

Mrs. C. D. Anderson—A mammoth purple-quilled ball dahlia with a silver sheen that keeps for days in the show room. We have at last a good supply of this dahlia, which grows for everyone. Owing to our large supply, we are making the following prices:

ROOTED CUTTINGS

We are Michigan's finest plant growers and are proud of it, for we like plants. However, many of our customers like rooted cuttings; so do we, as the plant comes from this.

If you have an available place to grow them get cuttings. We can supply any item in our list in cuttings at discount of 25% from the plant price. First class mail delivered.

SPECIAL NOTICE—If you send us an order, large or small, and will send us with the order the names of two friends you think will be interested in our dahlias we will include one extra dahlia with your order. This must be our selection, however.

IMPORTANT: We have hundreds of dahlias not listed, owing to the supply. Do not be afraid to write us, possibly we have just what you want at the right price, or can get them for you from some of the large wholesalers, with whom we are always in connection. We are at your service at all times, and ready to serve you.

OUR LOCATION

Drive on either West Michigan Ave. or West Van Buren St. to Limit Ave. and go one block north, then watch for the sign, Hill Dahlia Nurseries. Farm located two miles east of Assyria Center and one-half mile south. On this farm we grow the finest of field-grown roots for our many customers from coast to coast.

A MESSAGE TO OUR MANY CUSTOMERS

We would like to shake hands with you and thank you personally for the many favors you have extended us from Maine to Oregon, the past few years, but this we know is impossible. But at any rate you know our heart is in the right place. We are always at your service and willing at all times to serve you in the best possible manner.

The greatest pleasure we have had this season, is the large number of letters that are coming in saying that our stock was fine and asking for our catalog. This makes us feel good, and shall try and fill every order this season with the very best that we have in all cases, and still keep this good feeling with all our customers. When you purchase from us by mail we want you to feel that you have purchased your stock from an old friend, and do not forget if you are ever in Battle Creek, Michigan, call on us; you have the key and are welcome. Just make yourself at home.

TO YOU, MR. DAHLIA GROWER
